

wanted: volunteer opportunities

Do you work for a local charity or community organisation?

Would your organisation benefit from new ideas and a few extra hands?

If yes, why not host a pair of volunteers from the UK and Oman?

Global Xchange is a cross-cultural volunteer exchange programme run by VSO (Voluntary Service Overseas) in partnership with the British Council.

In September 2010, a team of 16 volunteers (aged 18-25) from Oman and the UK will be arriving in Birmingham. They will be living and working in the community for 12 weeks. We are currently searching for volunteer placements which the volunteers will contribute to for 3 days a week.

What would your organisation receive?

- Volunteers who have gone through a selection process and training
- A briefing for you, before the volunteers arrive
- 2 programme supervisors on hand for support

What are we looking for?

- NGO's, charities, community projects, public & voluntary sector organisations
- Interesting & varied work that young people can contribute 3 days a week to
- Organisations that would make the most of an international pair
